PROFILE SUMMARY

UX Designer with 1+ years of experience designing web and product interfaces. Currently working at Opsolute on cloud cost management and FinOps products. Skilled in Figma, user flows, wireframing, UI design, design systems, and data visualization.

EXPERIENCE

UX Designer : Opsolute

Bangalore, India | Dec 2025 – Present

- Designing UX for Opsolute, a cloud cost management and FinOps platform.
- Working on dashboards, cost overview, budget guardials, Cost cortex, data visualization, and optimization workflows.
- Creating user flows, wireframes, and high-fidelity designs in Figma.
- Building and maintaining a scalable design system and reusable components.
- Collaborating with developers and product teams on implementation.

UI/UX Designer Intern : Uzence Design Studio

Remote | Apr 2025 – Nov 2025

- Designed reusable UI components as part of a scalable design system
- Maintained visual consistency across breakpoints and platforms
- Collaborated with senior designers to document component usage and interaction states
- Supporting research, usability testing, and competitive analysis

Frontend Development Intern - Pace Wisdom Solutions

Mangalore, India | Aug 2023 – Oct 2023

- Gained hands-on experience in building responsive websites using HTML, Bootstrap, CSS, and JavaScript.
- Enhanced understanding of UI/UX principles to create user-friendly layouts that increase user interaction.
