INTERNSHIP EXPERIENCE

Intern UI/UX Designer

Uzence Design Studio : Remote | Apr 2025 – Present

- Designed reusable UI components as part of a scalable design system
- Created and maintained detailed documentation covering component usage, interaction states, and best practices
- Maintained visual consistency across breakpoints and platforms
- Supported user research, usability testing, and competitive analysis
- Utilized Figma's advanced features such as variants, auto layout, and styles to improve design efficiency
- Tools: Figma, Notion, ClickUp

Intern Frontend Development

Pace Wisdom Solutions : Mangalore, India | Aug 2023 – Oct 2023

- Gained hands on experience in building responsive websites using HTML, Bootstrap, CSS, and JavaScript.
- Enhanced understanding of UI/UX principles to create user friendly layouts that increase user interaction.

SKILLS

- **Frontend Development:** HTML, CSS, Tailwind CSS, Bootstrap, JavaScript
 - **Programming Languages:** Java
 - **Database Management:** SQL, DBMS concepts
 - **Tools & Platforms :** Figma, Git, Notion, Google docs
 - **Design:** Color theory, Typography, Iconography, Prototyping, Wireframing, Design Systems
-

PROJECTS

- **EduEval :** Built a grading platform using Next.js, Node.js, Express.js, and Tailwind CSS, integrating OCR and NLP to scan and automatically evaluate handwritten student papers for fast and accurate feedback.
 - **Chic & Shine :** E-commerce website for fashionable clothing and accessories (HTML, CSS, JavaScript)
 - **Grocery Management System:** A web application built with HTML, CSS, JavaScript, and SQL that allows users to order groceries, generates bills, and manages inventory with real-time stock updates.
 - **Weather App :** JavaScript-based weather tracking application
 - **Recipe App UI :** Mobile UI for a recipe browsing app, designed using structured auto layout with consistent spacing, typography, and visual hierarchy for clean content presentation.
 - **BeatFlow :** Designed a clean and immersive music app UI with smooth navigation and consistent component styling.
 - **Design System in Figma :** Created scalable components, typography, icons, and interaction patterns
-
